Take a look at the agenda for the Spring Symposium:

Shopkeepers, factory workers, housewives, bakers, farmers, teachers, auto mechanics. They worked in France, Italy, Germany, Holland, Scandinavia – wherever the Nazis were, they were there, fighting an underground war against Hitler. They led Jews to freedom, rescued Allied soldiers, printed newspapers, blew up bridges, risked their lives every day to do what they could to cripple the Third Reich. And they have stories to tell.
